PROPERTY:

NOVACLEANER STRONG Is particularly suitable for the use of washer-dryer machines, it is used for the elimination of extremely resistant dirty greases of organic and mineral origin.

NOVACLEANER STRONG Has a high degreasing power specifically for contaminated environments from black traces on concrete and/or cement surfaces.

USE:

NOVACLEANER STRONG Is a concentrated product. It can be used as such or diluted. You can use from 3% to 10% in clean water depending of the need.

NOVACLEANER STRONG can be used in washer-dryer machines and manually. On particularly dirty or greasy surfaces it is recommended:

- Apply the product with the nebulizer and let it act for a few minutes;
- Remove everything and rinse thoroughly;
- Do not use rigid spatulas, but use of soft plastic material, white, yellow, green, red, brown or black cloths in relation to the state of the surfaces to be treated.

RULES OF USE:

Handling: basic product. It is advisable to use suitable gloves and protect the eyes and face. Please refer to the safety data sheet for more information. Adopt the main precautions for use related to the handling of chemicals products.

Storage: protected from intense cold and excessive heat.

These notes are only for information and does not imply any responsibility on the part of the company NOVAKEM SRL, it is the responsibility of the customer to determine the suitability of the product applied to its special processing.
